For all UK students you should now use the New A-level guides below. At the bottom of the page I have left the old syllabus notes as I think they are more useful for the international EDXCEL A-level Chemistry course. They were not written for the international course though. New A-level 2015 The revision guidesâ€¦

3 Molecular biological studies (e.g., site-directed mutagenesis) of macromolecular targets that lead to an improved understanding of molecular recognition.

Guidelines for Authors - ACS Publications Home Page

Heavy metals are generally defined as metals with relatively high densities, atomic weights, or atomic numbers. The criteria used, and whether metalloids are included, vary depending on the author and context. In metallurgy, for example, a heavy metal may be defined on the basis of density, whereas in physics the distinguishing criterion might be atomic number, while a chemist would likely be ...
