PEW RESEARCH CENTER is a nonpartisan “fact tank” that provides information on the issues, attitudes and trends shaping America and the world. It does so by conducting public opinion polling and social science research, by analyzing news coverage, and by holding forums and briefings. It does not take positions on policy issues.

The Eco-Management and Audit Scheme (EMAS) is a voluntary environmental management instrument, which was developed in 1993 by the European Commission. It enables organizations to assess, manage and continuously improve their environmental performance. The scheme is globally applicable and open to all types of private and public organizations.
