Geopolitics - Human Geography - Research Guides at

This essay reviews critical geopolitics as a subfield of human geography: its intellectual roots, trajectories, internal debates, and interactions with other fields of inquiry. Its goal is to situate critical geopolitics in the study of international affairs and to highlight its contribution to that study.

Critical Geopolitics - International Studies Association

The Russian geography meant that Russia either would have a centralized government "and economic system" or it would fly apart, torn by nationalist movements, peasant uprisings and urban starvation. Urbanization, much less industrialization, would have been impossible without a strong center.

First, "geography" can denote various geographic aspects, such as space, soil, or territory. More specifically, it can denote geographic conditions, such as the presence of natural resources in a bounded area. Whether geography should be considered a static or a dynamic factor has also been subject to debate.

Geopolitics - Geography - Oxford Bibliographies

Geopolitics and discourse Geopolitics, as many have noted, is a term which is notoriously difficult to define (Kristof, 1960). In conventional academic understanding geopolitics concerns the geography of international politics, particularly the relationship between the physical environment (location, resources, territory, etc.) and the conduct ...
