The implication of taking a leap of faith can, depending on the context, carry positive or negative connotations, as some feel it is a virtue to be able to believe in something without evidence while others feel it is foolishness. It is a hotly contested theological and philosophical concept. For instance, the association between "blind faith" and religion is disputed by those with deistic ...

A new psychological theory holds that human beings exist at different "levels of existence." At any given level, an individual exhibits the behavior and values characteristic of people at that level; a person who is centralized at a lower level cannot even understand people who are at a higher level.

The city of Beijing has a long and rich history that dates back over 3,000 years. Prior to the unification of China by the First Emperor in 221 BC, Beijing had been for centuries the capital of the ancient states of Ji and Yan. During the first millennia of imperial rule, Beijing was a provincial city in northern China. Its stature grew in the 10th to the 13th centuries when the nomadic Khitan ...
